

Sea Level Rise Adaptation Plan Development

- Develop adaptation
 measures and strategies
- Conduct feasibility analysis of options to modify the airfield and existing conditions

Accommodate

- Siting and design standards
- Retrofit existing structures
- Storm water management

Protect

- Hard protection
- Soft protection/living shorelines

Hybrid

- Accommodate over short-term, relocate over long-term
- Redevelopment restrictions
- Permit conditions

Retreat

- Limit new development in hazardous areas and areas adjacent to wetlands, ESHA, other habitats
- Removal of vulnerable development
- Promote preservation and conservation of open space
